VIVANDI COMERCIALIZADORA

We import and distribute pool solutions

Vivandi imports and distributes Cefil Pool reinforced membrane in Mexico.

Personalised service, with permanent stock in our own warehouses across the country, and technical advice.

Reinforced membranes
Cefil Pool, profiles, geotextile, fixings, liquid PVC and built-in fittings.

Modular pools
Pool & Play, factory-built and ready in days.

Chemicals
Hydrox water treatment.

THE MANUFACTURER

Over 30 years in pool products

Cefil Pool is the brand of **Edicar Plásticos**, with more than 30 years of experience in construction and waterproofing. It manufactures the complete membrane at its facilities in **Vitoria-Gasteiz (Spain)**, with no outside processes, to European standard **UNE-EN 15836-2**, and delivers to every continent, with customers in more than 45 countries.

It suits any pool, commercial, public or residential, over concrete, metal, wood or monobloc structures, with a guaranteed minimum watertightness of 10 years.

30+
years of experience

www.cefilpool.com
A new way to appreciate its designs.

COLLECTIONS 2026

Tile design specialists

Cefil Pool is one of the leading names in large-format tile designs for reinforced membrane, with a wide variety of designs, tones and layouts.

All collections are made from **100 % virgin material** and premium raw materials, to European standard **UNE-EN 15836-2**.

Thickness 1.5 mm · 3D anti-slip · Made in Spain · Matching liquid PVC

VICTORIA

Large-format marble

5 designs · 15-year watertightness · 3-year colour

KERAMIK

Large-format porcelain

4 designs · 15-year watertightness · 3-year colour

ONYX

Concrete look · continuous surface

4 designs · 15-year watertightness · 3-year colour

NATURE

Natural stone

6 designs · 10-year watertightness

PASSION

Solid colours · 3D anti-slip

5 designs · 10-year watertightness

CLASSIC

Solid colours · 1.65 and 2.05 m

5 designs · 10-year watertightness

LARGE-FORMAT MARBLE

VICTORIA

Five minimalist designs in line with the latest interior design and architecture trends. For 2026 it comes with a more realistic, uniform texture with high slip resistance that enhances the details of the design.

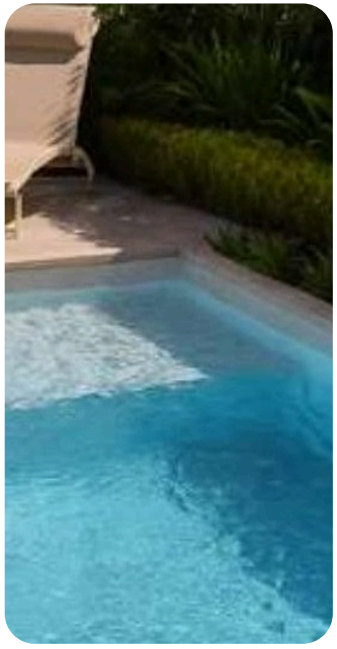
Bianco
Art. 149218193
Liquid PVC Nº10

Perla
Art. 149218196
Liquid PVC Nº10

Grigio
Art. 149218194
Liquid PVC Nº52

Ocra
Art. 149218195
Liquid PVC Nº21

Aurum
Art. 149218192
Liquid PVC Nº52



PRESENTATION

Surface	Thickness	Width	Length	Packaging	m² / pallet
3D anti-slip	1.5 mm	1.65 m	25 m	12 rolls / pallet	495

15-year watertightness · 3-year colour

LARGE-FORMAT PORCELAIN

KERAMIK

Four large-format porcelain designs that made a splash in the market and are among the best sellers. In 2026 they gain the new, more realistic 3D anti-slip texture.

Bluemoon
Art. 149218201
Liquid PVC Nº50

Sunlight
Art. 149218202
Liquid PVC Nº22

Greenocean
Art. 149218204
Liquid PVC Nº52

Darkstar
Art. 149218203
Liquid PVC Nº53

PRESENTATION

Surface	Thickness	Width	Length	Packaging	m² / pallet
3D anti-slip	1.5 mm	1.65 m	25 m	12 rolls / pallet	495

15-year watertightness · 3-year colour

CONCRETE LOOK · CONTINUOUS SURFACE

ONYX

For lovers of concrete and continuous surfaces. The new texture offers a more elegant and delicate finish without losing its maximum slip resistance.

Emerald
Art. 149218198
Liquid PVC Nº42

Capri
Art. 149218197
